

Healthcare designed to save you time and money

oswald[®]

With Everside Health, you can:

Save money with no co-pays under the Oswald benefit plan. **Patients saved up to 68% on primary care expenses.**¹

Enroll your dependents to get care for the entire family, including pediatrics.

Benefit from personalized care, by providers that listen to your needs and take the time to understand your lifestyle.

Receive care for a broad scope of services, including illness, injury, urgent needs, routine checkups, well exams (child & adult), chronic conditions, mental health, referrals, and more.

Complete lab work and fill prescriptions onsite.²

Schedule same- and next-day appointments for urgent needs.

Access your provider via in-person or virtual appointments (phone or video).

Avoid expensive trips to urgent care by contacting your provider at any time, day or night, via phone, for pressing health concerns.

We are redefining healthcare

By establishing the primary care setting as a convenient one-stop shop to treat **80-90% of your healthcare needs**, we are saving you time and money. With your Oswald benefit plan, you and your eligible family members have access to Everside Health at **no additional cost**.

“I’ve never had a **primary care provider** before, and I love the way Everside Health is structured. In the past I’ve always felt rushed through an appointment with a high co-pay, but at Everside, the providers and staff take time to talk with you, answer all your questions, and are **available any time** to help you get the care you need. No more waiting weeks to get in to see the provider. **I’m never going back to traditional healthcare!**”

Everside Patient

¹Calculations based on random sampling of Everside Health clients equaling approximately 25% of enrolled patient population in 2015. Not applicable to plans where office visit is subject to deductible/co-insurance, such as Health Savings Account (HSA) or Health Reimbursement Account (HRA) plans.

²Offices have a supply of routinely dispensed generic medications which are available for purchase. To learn more, contact your provider's office directly. Actual savings may vary by age, gender, medical history, and health plan.
